

NEIGHBORHOOD SPEED WATCH PROGRAM APPLICATION FORM

I am interested in participating in the Neighborhood Speed Watch Program. I understand and will comply with the following guidelines:

- The Speed Watch Program can be conducted only on streets classified as "I, Residential, Collector, or Sub-collector" in the City of Greensboro's Zoning Map Book.
- The Study can be conducted anytime during daylight hours and favorable weather conditions.
- GDOT will train the participant(s) on the use of the radar/display unit and set up a time to deliver the equipment. The unit is assigned to participants on a first-come first-served basis and can be checked out for two weeks.
- When conducting the study, the group will follow the "Rules of Conduct" and obey all laws.
- The "Lead Participant" or other participants shall not leave the radar unit unattended while it is being used. When not in use, the radar unit must be stored in a dry location and secured.
- The radar/display unit and the results of the study will be returned to the Greensboro Department of Transportation.
- GDOT will share the data with the Greensboro Police Department and provide feedback to the group. The data will also be kept on file for periodic review and for comparison with future data.
